

In today's Federal Register, EPA published the following final rules:

- Pesticides; Data Requirements for Conventional Chemicals, Technical Amendments, and Data Requirements for Biochemical and Microbial Pesticides; Final Rules; 40 CFR Parts 9, 152, 156, 159 et al. (72 FR 60934; 55 pages)
- Pesticides; Data Requirements for Biochemical and Microbial Pesticides, 40 CFR Part 158 (72 FR 60988; 38 pages)
- Pesticide Data Requirements; Technical Amendments; 40 CFR Parts 152, 156, 159, 160, 168 and 172 (72 FR 61025; 5 pages). These are conforming technical amendments to other regulations where the data requirements are mentioned.

The table of contents of the Federal Register (see http://www.access.gpo.gov/su_docs/fedreg/a071026c.html for links to the rules) is slightly confusing, as the first rule above is listed second in the table of contents, and is preceded by a "title page" that lists all three of the rules.
